Tasks:

- 1 - You went to telepizza to have lunch and spent 7€. Add this **expense** in your application
- 2 - Check how much money you **can still spend** on food this week.
- 3 - In the **last 4 months**, in which one did you spent the least money?
- 4 - Which was the most **costly category** that month?
- 5 - Check your expenses in entertainment since the first day of classes (**18/09/2022**).
- 6 - Create a **new category** for expenses in nightlife.
- 7 - You're thinking of going on an interrail. You will spend 2 days in Paris and 2 days in Oslo. Your only expenses will be food and transportation. Create a **savings plan** in your application
- 8 - Add 50€ to this new adventure!
